HELPFUL INFORMATION

Automatic ANSWERING SET

Certain telephones are equipped with an automatic device, known as an Automatic Answering Set, which answers the telephone mechanically when no person is available to answer and then makes a recorded announcement.

If your call is answered by an Automatic Answering Set, listen carefully for the announcement which will be self-explanatory.

Some of these sets will also receive and record a message from the caller.

TELEGRAMS *by* TELEPHONE

To phone a telegram, see Western Union listings in this directory. Telegram charges will appear on your regular telephone bill, or you can deposit the charge in the box when you call from a coin telephone.

OUT-OF-TOWN DIRECTORIES

Directories of other cities may be obtained by our customers at a nominal charge. Call our Business Office . . .

Telephone directories of the principal cities and towns in the Western States may be consulted at our Business Office.

When You Hear A "BEEP" TONE

If you hear a short high "beep" tone every 15 seconds or so, it means that the person with whom you are talking is recording your conversation. This signal is produced by recorder-connector equipment furnished by the Telephone Company. Use of a recorder on the telephone line without this equipment is prohibited by the Company's tariffs.

Your TELEPHONE NUMBER *Is Important*

It's smart to make it easy for your customers to reach you. So why not include your telephone number on your stationery, statements and all advertising pieces? Show your area code, too—it helps distant parties call you faster.

ATTACHMENTS *To Telephones*

The Telephone Company furnishes all equipment necessary to provide telephone service. In the interests of safety and good service, no equipment, apparatus, or device not furnished by the Telephone Company may be attached to, or used, or connected with its facilities except as otherwise provided in the Company's tariffs.

TARIFFS

Tariffs showing rates, rules and regulations for telephone service and facilities, are on file with the California Public Utilities Commission, and are available in our Business Offices for public inspection. In addition, leaflets covering basic rates for service are available upon request.

Employee IDENTIFICATION CARDS

Employees who visit customer premises carry an official identification card. If you have the slightest doubt about anyone who says he's "from the Telephone Company" ask to see his card.

On the Cover

San Luis Obispo County, one of California's original counties, has a diversified economy reflecting the varied interests of its citizens in agriculture, industry, education and recreation. High employment in many fields of endeavor is balanced with sincere interest in culture and education, and tempered with a wide range of recreational opportunities.

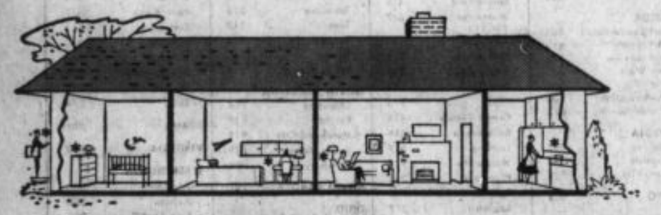
MODERN TELEPHONE SERVICES

There are hundreds of items of equipment available to make your telephone service more valuable and convenient than ever. Whether for your home or office, you will find telephone equipment designed to save you time and money, tailor-made to fit your special needs at a surprisingly low cost.

New PRINCESS *Telephone . . .*

It's little! It's lovely! It lights!

It's small to save space, and styled for the modern taste. Dial lights up, too . . . it glows in the dark so you can find it quickly and, when you lift the receiver, lights up brightly for easy dialing. In white, beige, pink, blue or turquoise.



Home Interphone

One of the most exciting communication services to come along in years. It combines door answering, voice broadcasting thru the house, transferring calls and even electronic baby sitting—all by picking up the nearest telephone.

Bell Chime

The newest, most versatile telephone ring. It calls you by the musical tone of a chime when children are sleeping or things are quiet. But when there's a lot of activity or you're out in the yard, you can adjust your chime to a loud bell or the regular telephone ring.

Modern Telephone Equipment

Whether you need a simple push-button telephone, a switchboard, or a complete dial system, you can be sure there is economical telephone equipment available to handle your communications requirements.

Automatic Answering Set

Keeps your office open 24 hours a day. No longer need you miss important calls for this equipment automatically answers your telephone and, if desired, records messages left in your absence.

TO MEET YOUR NEEDS

Speakerphones

A special microphone and small loudspeaker associated with this telephone enables you to carry on a conversation without lifting the receiver. The sensitive microphone picks up your voice from several feet away and frees both hands while talking. It can also be used as a regular telephone.

The Call Director

This streamlined, modern functional piece of telephone equipment is designed for today's business requirements. Available in a choice of three colors and equipped with versatile push buttons which give access to a number of lines, hold calls while answering others and permit signaling and conferencing arrangements.

Additional Telephone Lines

A separate number in your home or place of business makes it easier for friends or customers to reach you. Ideal, too, for large families or for your "teen-ager."

Shoppers' Wonderland!

THE YELLOW PAGES

YELLOW PAGES . . . the shopper's wonderland . . . the buyer's guide . . . the business man's go getter. Buyers — prompted by a continuing and novel promotion of the Yellow Pages—turn to them more and more for the products and services they want and need. Best of all they use the Yellow Pages when they're ready-to-buy. A convenient and time-saving service for the consumer, and for the businessman . . . YELLOW PAGES means BUSINESS!

Telephone Planning for PRESENT AND FUTURE NEEDS

If you're building or remodeling, plan for the telephone service you will want, both now and in the future. Provide for your needs while the walls are open. The telephone company will gladly help you plan ahead—whether for home or office.

FOUR *Thoughtful* ITEMS OF TELEPHONE PROCEDURE

1. Please answer promptly.

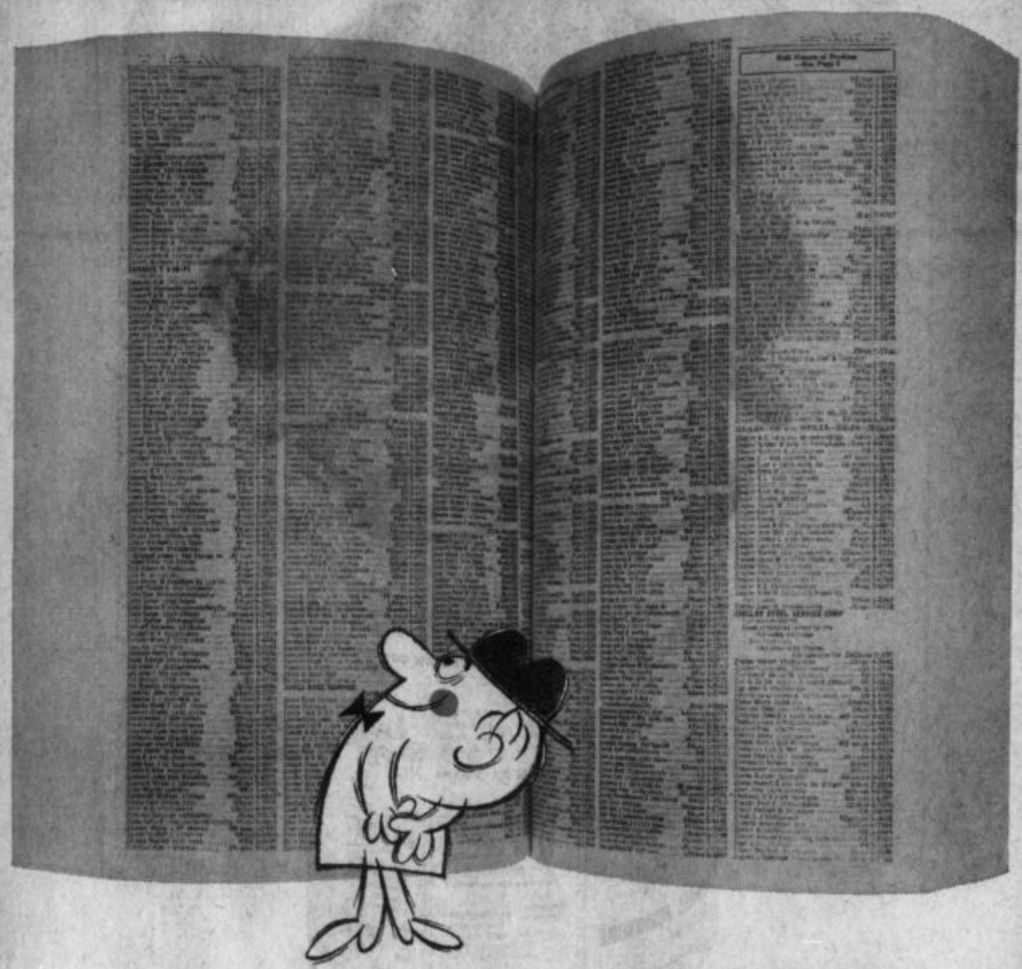
2. Please be on the line when the party you want answers.

3. Please speak distinctly and slowly, with the lips just clearing the transmitter.

4. Please replace the receiver gently when through talking.

SMART SHOPPERS look *first* in the Yellow Pages...the *one complete* local source for every product and service. Saves time. Saves travel!

YELLOW PAGES



The quickest way to look up old friends is in your telephone directory. Checking it first saves time and embarrassing errors.

PICTURE THEIR PLEASURE in hearing from you. When you're away from home get together by telephone. Why not call right now!

Says Col. Yancy

"Down our way we declare that folks who share party lines are neighbors... same as though they lived on the next plantation. And when they all follow these easy pointers... why, suh, using a party-line is smoother than a thoroughbred's gait."

Easy party-line pointers

Space your calls instead of making a whole series of them... and talk only as long as necessary.

If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.

If you are calling from a dial telephone, always make certain the line is clear before you dial.

When the children use the telephone, ask them to be considerate, too.

Replace the receiver properly when you finish your call.

Thank you!

rest assured

with an extension phone near your bed
...always ready to use no matter what the hour.

You'll save time when you call long distance by number

A special occasion call to far away family members . . . an important business call to another city . . . any long distance call goes through faster when you call by number. So next time you have an out-of-town call to make—remember you'll get faster service if you give the operator the number you're calling—rather than just the name and address.

for your list of personal numbers

This FREE BOOKLET is yours for the asking. It's the handy way to keep out-of-town numbers . . . and frequently called local numbers . . . always at your fingertips. To get your free booklet—just telephone, send a postcard or drop in at your nearest Pacific Telephone business office.

Pacific Telephone

Long distance calls mean so much cost so little

A long distance "visit" costs so little anytime you call—day or night. It's a special bargain after 6 p.m. on weekdays and all day Sunday.

★ **Low long distance rates to many cities are shown on the inside cover of this directory.**

You won't miss important calls

when you answer promptly. When you have only two cards left to play in an exciting grand slam hand—or in any situation where you'd like to say "Wait a minute!"—it's always a temptation not to answer the telephone immediately. The person calling, though, doesn't know what you're doing and may hang up, thinking you are not at home. That way you may miss important calls. So, next time your telephone rings, won't you try to answer as quickly as you can?

Pacific Telephone

WITHIN EASY REACH for BUSY PEOPLE

in YOUR TELEVISION ROOM

A telephone will serve you well when located close to your favorite chair in the television room. No need to miss a part of any program to answer your important calls.

or at YOUR BEDSIDE

You will find a telephone a real comfort, ready at your fingertips during your resting hours. When sickness or confinement strikes, it is your tie to friends and pleasant moments. In an emergency, a link to help and security.

CALL YOUR PACIFIC TELEPHONE SERVICE REPRESENTATIVE

It's easy to make friends on the telephone, too

1. When you answer promptly, you show friendly courtesy to the person calling. Of course, it's sometimes impossible to reach the telephone within the first ring or two, so when you're making a call, give the other person time to answer —at least six rings.

2. When you talk directly into the transmitter and speak naturally and distinctly, your voice will come through clearly. Lips about half an inch from the transmitter give best results. Your listeners will appreciate these little telephone courtesies and you won't have to repeat words as often.

3. When you look up numbers in the telephone directory, you help insure getting the right number when you call. Many telephone users keep a handy list of frequently-called numbers, for they know that a "wrong number" wastes their time and that of the other party.

Thank you!

Pacific Telephone

How to get the most out of your telephone service

It's wise (and thoughtful) to follow these simple golden rules for good telephone service:

- Encourage the youngsters to be considerate telephone users... and you won't miss important calls.
- Give the person you're calling plenty of time to answer... at least a full minute... and you'll reach him more often.
- Be sure that the line is free before making a call when you're on a party-line.
- Look up any numbers you're not sure of and... keep personal lists up-to-date.

INSTALLED for CONVENIENCE

in MOTHER'S SEWING ROOM

With a telephone handy in her sewing room, Mother will not have to leave and dash to answer calls. Advice from friends on how to do it will also be close at hand.

and in the RECREATION ROOM

Located in your recreation room, a telephone will add to your comfort and pleasure. Close at hand during exciting moments of home games or while relaxing in moments of solitude, this telephone will stop your rushing to other rooms to answer calls.

CALL YOUR SERVICE REPRESENTATIVE AT PACIFIC TELEPHONE

For convenience in the future... put telephone facilities in your plans

The blue-print stage is the time to include built-in telephone conduit and outlets. During construction, the cost is trifling. Just a few pieces of pipe or other conduit material leading to convenient outlet locations will provide raceways for telephone wires. Later on telephones can be added — or moved to other locations — without drilling holes or running wire along baseboards.

For free help in planning modern, built-in telephone wiring, call your local telephone company number and ask for free "Telephone Planning Service."

NEWSPAPER FIREWOOD

To make a small grate or stove fire, or to kindle a big one, use old newspapers which have been rolled up tightly, soaked overnight in water, squeezed out and allowed to dry for several days. The tighter they are squeezed, the better firewood they make.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver promptly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

TO GLUE FURNITURE

In gluing a loose furniture joint, remember that glue doesn't provide strength in filling an open space, so first put a strip of thin cotton cloth over the piece that fits into the mortise. Then do the gluing, tie the joint firmly together and let it set for 24 hours.

1. Please answer promptly.

Two friendly telephone habits: ANSWER QUICKLY when your bell rings; HANG UP SLOWLY when you have finished your call or your party doesn't answer. In calling others, remember the called person may be almost there—so wait a few seconds longer.

FOR BEST RESULTS WITH YOUR TELEPHONE *please . . .*
Make sure of the number.
If in doubt consult the Telephone Directory.
Speak with lips close to the mouthpiece, using your natural tone of voice.
And give the called person TIME to answer!
Thank You!

Would you like a separate business listing under your own name in the Telephone Directory? Does anyone in your business or home wish a personal listing? The charge for extra listings is small, the convenience often great.

Two friendly telephone habits: ANSWER QUICKLY when your bell rings; HANG UP SLOWLY when you have finished your call or your party doesn't answer. In calling others, remember the called person may be almost there—so wait a few seconds longer.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home, yet their cost is very small if they are installed during construction.

SEWING ON BUTTONS

While sewing a button on a garment keep a pin stuck between the cloth and the button. This will leave enough play for easy buttoning.

KEEP LIGHT FROM MILK

Keep light from milk to prevent loss of riboflavin, its most important vitamin element. If you don't meet the milkman, leave out a covered, insulated box for bottles of milk. Remember that light hurts milk more than heat does in a short time.

Good party-line neighbors are considerate party-line users. Remember these golden rules:
- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

TO GLUE FURNITURE

In gluing a loose furniture joint, remember that glue doesn't provide strength in filling an open space, so first put a strip of thin cotton cloth over the piece that fits into the mortise. Then do the gluing, tie the joint firmly together and let it set for 24 hours.

Good party-line neighbors are considerate party-line users. Remember these golden rules:
- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

Party Line Pointers:

1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

Memory plays tricks. If in doubt about a telephone number, why not look it up in the directory and save time and trouble?

PLEASE LISTEN FOR THE DIAL TONE BEFORE DIALING

That "dial tone," a steady hum, is the signal that the equipment is ready to receive a call. It corresponds to an operator's "Number, please?"

Good party-line neighbors are considerate party-line users. Remember these golden rules:
- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver promptly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

Good party-line neighbors are considerate party-line users. Remember these golden rules:
- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

Party Line Pointers:
1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

TO PAINT SCREENS

To paint a screen, or cover it with insect repellent, fasten a piece of old carpet to a block of wood. By using this implement instead of a brush, you will save lots of time and avoid lots of splattering.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

TO REPAIR LINOLEUM

If you have a break in the edge of linoleum, take a good-sized piece of cloth (to reach well beyond the break at all points), cover it with glue and put it beneath the linoleum. Weight it down with heavy objects until it has had time to dry and set.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

FRONTIERS *beyond*

There are always new frontiers to telephone service, problems to be solved, improvements to be made, and there will always be Telephone Pioneers pushing on to new achievements.

TO GLUE FURNITURE

In gluing a loose furniture joint, remember that glue doesn't provide strength in filling an open space, so first put a strip of thin cotton cloth over the piece that fits into the mortise. Then do the gluing, tie the joint firmly together and let it set for 24 hours.

Behind on orders? Let handy YELLOW PAGES introduce the suppliers you need. It's fast—convenient. Wise buyers say there's nothing like the YELLOW PAGES of your telephone book for getting in touch with almost everyone around who sells things, fixes things, does things. Try the YELLOW PAGES once . . . you'll use it often.

In these busy days when saving time is so important, more and more telephone users are following the thoughtful way of answering the telephone: "Harry Smith speaking." Such an introduction establishes identity, saves time and makes a good impression.

Good party-line neighbors are considerate party-line users. Remember these golden rules:
• Space your calls instead of making several without a break.
• Talk only as long as necessary on each call.
• When you finish talking replace the receiver promptly.
• Make certain, if you are using a dial telephone, that the line is clear before you dial.
• Ask your youngsters to be considerate, too.

EXPLOSION IN OVEN

If you burn the inside of the oven with an exploded potato or something, soak a cloth in ammonia and let it stay on the burned places an hour or so, after which you can scrape the spots clean without harming the enamel.

KEEP LIGHT FROM MILK

Keep light from milk to prevent loss of riboflavin, its most important vitamin element. If you don't meet the milkman, leave out a covered, insulated box for bottles of milk. Remember that light hurts milk more than heat does in a short time.

TO GLUE FURNITURE

In gluing a loose furniture joint, remember that glue doesn't provide strength in filling an open space, so first put a strip of thin cotton cloth over the piece that fits into the mortise. Then do the gluing, tie the joint firmly together and let it set for 24 hours.

In these busy days when saving time is so important, more and more telephone users are following the thoughtful way of answering the telephone: "Harry Smith speaking." Such an introduction establishes identity, saves time and makes a good impression.

Two friendly telephone habits: ANSWER QUICKLY when your bell rings; HANG UP SLOWLY when you have finished your call or your party doesn't answer. In calling others, remember the called person may be almost there—so wait a few seconds longer.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver promptly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

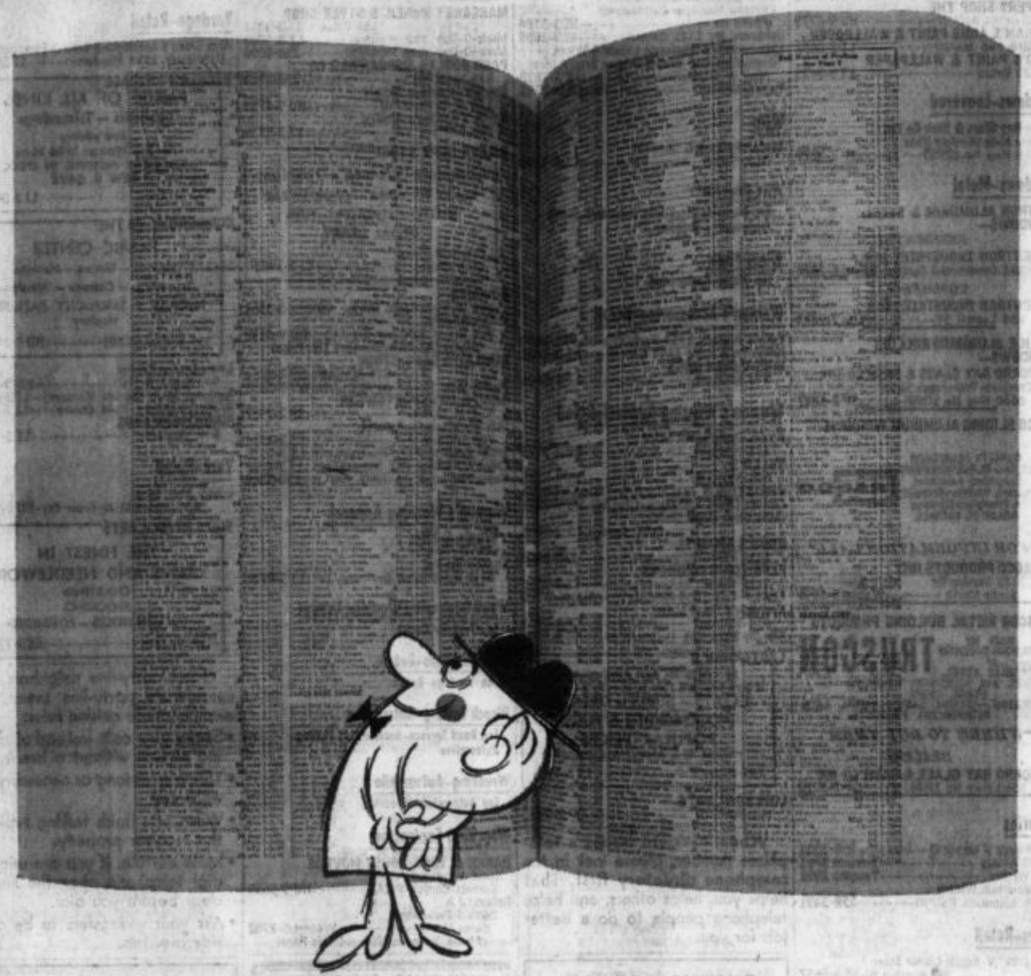
Good party-line neighbors are considerate party-line users. Remember these golden rules:
- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

Always
KEEP RECEIVER ON THE HOOK
When you are through talking on the telephone, always see that you place the receiver back on the hook. Otherwise you may miss an important call.
THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY



The quickest way to look up old friends is in your telephone directory. Checking it first saves time and embarrassing errors.

The only way to communicate
that's friendlier than a phone call.

rest assured

with an extension phone near your bed
...always ready to use no matter what the hour.

For convenience in the future... put telephone facilities in your plans

The blue-print stage **is the time to include built-in telephone conduit and outlets. During construction, the cost is trifling. Just a few pieces of pipe or other conduit material leading to convenient outlet locations will provide raceways for telephone wires. Later on telephones can be added — or moved to other locations — without drilling holes or running wire along baseboards.**

For free help **in planning modern, built-in telephone wiring, call your local telephone company number and ask for free "Telephone Planning Service."**

FOUR *Thoughtful* ITEMS OF TELEPHONE PROCEDURE

1. Please answer promptly.
2. Please be on the line when the party you want answers.
3. Please speak distinctly and slowly, with the lips just clearing the transmitter.
4. Please replace the receiver gently when through talking.

far from home?

Long distance visits cost so little

See for yourself. Check the typical rates listed on the inside cover of this directory. You'll notice, too, that night and Sunday calls cost even less than those you make at the low, day "station" rates.

When you dial

numbers which include a central office name

please remember...

Always dial the first two letters and the numeral in the central office name... followed by the remaining figures in the number.

TELEPHONE Conveniences FOR YOU!!

IN THE DARK – AN ILLUMINATED DIAL LIGHTS YOUR DIALING

Excellent in bedrooms, sickrooms or even in television rooms, the "light-up" set is indeed a boon to doctors, nurses and business people who are required to make calls at night.

A SPRING CORD PROVIDES NEAT AND COMFORTABLE TALKING

S-T-R-E-T-C-H—a retractile or "spring" cord will end the tangling which sometimes occurs with straight cords. Only 10 inches long when fully coiled, this cord stretches to about 4 feet.

FREE telephone number booklet

Handy booklets like these...

for your personal local and out-of-town numbers—are yours for the asking. Just write or stop in at your Pacific Telephone business office. By keeping a list of numbers you call frequently, you'll save plenty of time. Remember, your long distance calls go through twice as fast when you call by number.

The only way to communicate
that's friendlier than a phone call.

You won't miss important calls

when you answer promptly. When you have only two cards left to play in an exciting grand slam hand—or in any situation where you'd like to say "Wait a minute!" —it's always a temptation not to answer the telephone immediately. The person calling, though, doesn't know what you're doing and may hang up, thinking you are not at home. That way you may miss important calls. So, next time your telephone rings, won't you try to answer as quickly as you can?

Pacific Telephone

WITHIN EASY REACH for BUSY PEOPLE

in YOUR TELEVISION ROOM

A telephone will serve you well when located close to your favorite chair in the television room. No need to miss a part of any program to answer your important calls.

or at YOUR BEDSIDE

You will find a telephone a real comfort, ready at your fingertips during your resting hours. When sickness or confinement strikes, it is your tie to friends and pleasant moments. In an emergency, a link to help and security.

CALL YOUR PACIFIC TELEPHONE SERVICE REPRESENTATIVE

It's easy to make friends on the telephone, too

1. When you answer promptly, you show friendly courtesy to the person calling. Of course, it's sometimes impossible to reach the telephone within the first ring or two, so when you're making a call, give the other person time to answer—at least six rings.

2. When you talk directly into the transmitter and speak naturally and distinctly, your voice will come through clearly. Lips about half an inch from the transmitter give best results. Your listeners will appreciate these little telephone courtesies and you won't have to repeat words as often.

3. When you look up numbers in the telephone directory, you help insure getting the right number when you call. Many telephone users keep a handy list of frequently-called numbers, for they know that a "wrong number" wastes their time and that of the other party.

Thank you!

...figures that folks who share party-lines will all get the most from their service if they'll remember this round-up of party-line rules...

a round-up of party-line rules

Space your calls instead of making a whole series of them... and talk only as long as necessary.

If yours is an emergency call, and the line is in use, explain the circumstances to the person using the line.

If you are calling from a dial telephone, always make certain the line is clear before you dial.

When the children use the telephone, ask them to be considerate, too.

Replace the receiver properly when you finish your call.

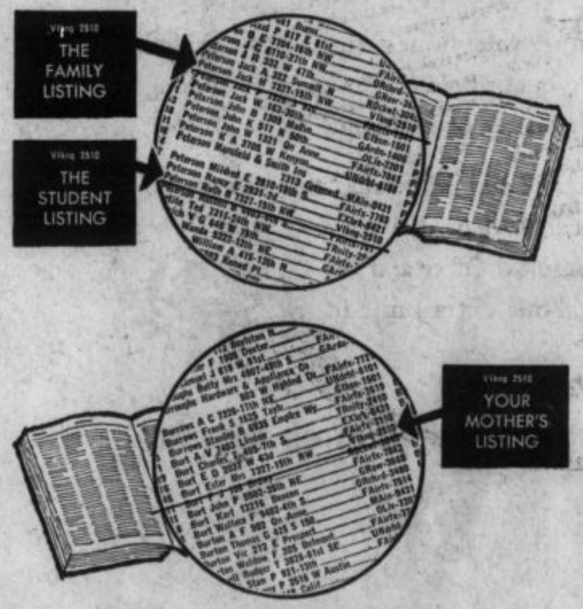
Thank you!

TELEPHONE Conveniences FOR YOU!!

FOR "LOUDER PLEASE" – CONTROL VOLUME

When hearing is a problem, this set is the answer. Turn the knob and a built-in amplifier will adjust the volume to your listening comfort.

A PERSONAL LISTING SERVES YOU!



For important calls at home, your friends will locate you easily if you have a personal listing in the telephone book. A personal listing for each member of the family is call insurance for them.

Just a reminder...

Built-in telephone outlets are inexpensive

It costs little to install conduit for a number of telephone outlets at the time a house is built...and it's a wise economy, even if only one telephone is needed immediately.

Future telephones can then be added without bringing exposed wires in along baseboards or molding.

Outlets add real value to a house. So plan ahead for them. Call or dial your local Telephone Business Office and ask for information about extra built-in telephone outlets.

LONG DISTANCE RATES

These typical rates are for the first 3 minutes and *do not include the Federal Excise Tax.* Rates are lower every night between 6 P.M. and 4:30 A.M. and all day Sunday, and on certain holidays.

Time at the calling point governs the application of these rates. For rates to other points, dial the long distance operator. The minimum charge for a collect call is 30c.

EMERGENCY CALLS
On Party Lines

California Penal Code section 384 makes it a misdemeanor for any person who shall wilfully refuse to immediately relinquish a telephone party-line when informed that such line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service. Also, any person who shall secure the use of a telephone party-line by falsely stating that such line is needed for an emergency call, shall be guilty of a misdemeanor. "Emergency" means "a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential."

How to Dial Local Calls

(For all other places, see page 2)

1 **Wait until you hear the dial tone before you dial. (If the number you want is not in this directory, dial 113 from Arroyo Grande, Atascadero, Paso Robles and San Luis Obispo; in other places ask Operator for Information.**

2 **Dial the listed number to any other telephone in the same exchange.**
In addition, you can dial local calls between Arroyo Grande and Pismo Beach.

Ringing Signal

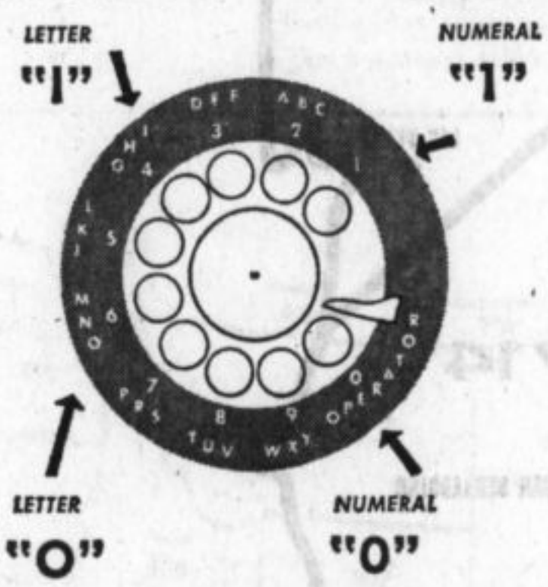
A soft "burr-r-ring" repeated at regular intervals means that the telephone you dialed is ringing. Give your party time to answer—about 10 rings—before you hang up.

The Busy Signal

A steady "buzz-buzz-buzz" sound means the line you called is in use. Hang up and call again later.

Letters "I" and "O"—Numerals "1" and "0"

Please be careful not to confuse the letters "I" and "O" with the numerals "1" and "0" when dialing.



Numbers Replace Letters

All-Number Calling is being introduced throughout the country. Numbers replace letters in the prefix; the rest of the number remains the same. For example, KL 5-2368 becomes 555-2368. Some of these new numbers appear in this directory. Dial them just as they are listed.

If You Reach a Wrong Number

—dial Operator immediately and tell her what city, and if possible the telephone number, you reached so you will not be billed for the call.

Calling Another Party on Your Line

When calling a local number, if you hear a high pitched tone it means the number you are calling is on your party line. Dial Repair Service to find out how to complete the call.

If you always hear a busy signal when calling a certain local number it may be that the number is on your party line. To find out if it is and how to complete your call dial Repair Service.

Your Telephone Operator

Your Operator is always ready to help you with calls you cannot dial, in any difficulty you may encounter and IN EMERGENCIES. To reach her just dial "OPERATOR."

HOW TO USE DIRECT DISTANCE DIALING

from One and Two Party Telephones in San Luis Obispo

(Other places dial Operator)

The United States and Canada are divided into more than 100 telephone areas, each identified by a three-digit area code. (See map on page 3.) This system makes it possible for you to have Direct Distance Dialing. With DDD, you can dial your own station-to-station calls, when the number you are calling has either two letters and five numerals or seven numerals. For other types of calls and calls from coin telephones, dial "Operator."

If you know the area code and number . . .

1 ON CALLS INSIDE THE 805 AREA

DIAL the TELEPHONE NUMBER. Do not dial Area Code 805.

2 ON CALLS OUTSIDE THE 805 AREA

DIAL the appropriate AREA CODE and the TELEPHONE NUMBER.

3 GIVE THE OPERATOR YOUR NUMBER IF SHE ASKS FOR IT

Before the called telephone rings, an operator may ask "Your number, please?" Be sure to give her the number from which you are calling.

4 IF YOU REACH A WRONG NUMBER

—dial "Operator" immediately and tell her what city you reached so you will not be billed for the call.

If you don't know the area code or number . . .

1 HOW TO GET THE AREA CODE

A partial list of places you can dial direct and their area codes are shown on pages 3-7. If the place you want is not listed, dial "Operator" and ask her if it can be dialed.

2 HOW TO GET THE NUMBER

If you don't know the out-of-town number, you can dial the Information Operator serving many distant places—those starred on pages 3-7—without charge. Dial the Area Code then 555-1212. When the Information Operator answers, first give her the city or town, then the name and address you are calling.

If the place you are calling is not starred, dial "Operator" and ask for Information in the distant city.

3 DIAL THE CALL, FOLLOWING INSTRUCTIONS IN LEFT COLUMN

IF YOU NEED ASSISTANCE, DIAL "OPERATOR." SHE WILL BE GLAD TO HELP YOU.

AREA CODES FOR FASTER LONG DISTANCE CALLING

Even on calls you must place with the Long Distance Operator, the Area Code will help you get them through faster. Just give her the Area Code (if it is different from the one for the phone you are using) and the telephone number you want. For example, say "Area Code 311, KL 5-2368." If the Operator needs to know the place name, she will ask for it.

Blue Book of Telephone Numbers

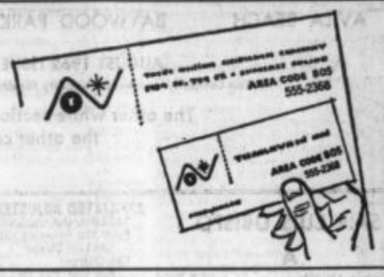
For faster service this attractive Blue Book of Telephone Numbers provides a handy place for keeping your personal list of local and out-of-town numbers. The latest edition contains a list of area codes for over 700 cities. To get one free, just call, write or visit your Business Office.

HELPFUL INFORMATION

YOUR TELEPHONE NUMBER IS IMPORTANT

It's smart to make it easy for your customers to reach you. So why not include your telephone number on your stationery, statements and all advertising pieces? Show your area code, too—it helps distant parties call you faster.

A pamphlet explaining where and how to display area codes is yours for the asking—just call your Business Office.



When You Hear a "BEEP" Tone

If you hear a short "beep" tone on your telephone about every 15 seconds, it means that the person with whom you are talking is recording your conversation. This signal is provided by the Telephone Company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the Company's tariffs and not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects, you will no longer hear the "beep" tone.

Attachments to Telephones

The Telephone Company furnishes all equipment necessary to provide telephone service. In the interests of safety and good service, no equipment, apparatus or device not furnished by the Telephone Company may be attached to, or used or connected with, its facilities, except as provided in the Company's tariffs.

Employee Identification Cards →

For your protection, any employee who visits customer premises carries an official identification card showing his or her name, photograph and signature. If you have the slightest doubt about anyone who says he's "from the Telephone Company" please ask to see his card.

Telegrams

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph company—see the listings of that company in this directory—and have the charges appear on your telephone bill. You may also telephone your Western Union telegrams from coin telephones, paying as you would for a telephone call.

Out-of-Town Directories

Directories of other cities may be obtained at a nominal charge. Call our Business Office.

Telephone directories of the principal cities and towns in the Western States may be consulted at our Business Office.

Automatic Answering Set

Certain telephones are equipped with an automatic device, known as an Automatic Answering Set, which answers the telephone mechanically when no person is available. It then makes a recorded announcement.

If your call is answered by an Automatic Answering Set, listen carefully for the announcement which will be self-explanatory.

Some of these sets will also record a message from the caller.

Tariffs

Tariffs which show rates and rules for telephone service and facilities are on file with the California Public Utilities Commission and are available in our Business Office for public inspection. In addition, leaflets covering basic rates for service are available on request.

On the Cover

The Hearst San Simeon State Historical Monument was opened to the public in May 1958, and dedicated as a memorial to William Randolph Hearst who was responsible for its creation and whose hope was that the State of California receive it in the name of his mother, Phoebe Apperson Hearst.
